

Appendix F
CWCB Interview and Survey
Nonconsumptive Projects and Methods

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Arkansas	Fountain Creek erosion and mine tailings pollution control project	Project	Fountain Creek along State Highway 24	Created wetlands and to contain erosion off mine tailings.	Completed	1529677	AR-ZS-C	43
Arkansas	Jackson Creek wetlands project	Project	Jackson Creek (b/t I-25 and West Baptisto Rd.)	Created wetlands / floodplain for Prebles Jumping Mouse	Completed	1528181	AR-ZS-B	44
Arkansas	Clear Creek Reservoir Gauging Station Reconstruction	Information	Clear Creek Reservoir	Reconstruction of gauging station to allow kokanee salmon and trout to pass	Planned	0	AR-ZS-A	101
Arkansas	Diversion Structure Replacement Plans #1	Project	Arkansas Headwaters	"Diversion Structure Replacement Projects for public safety, improved diversion efficiency, and to allow fish passage."	Completed	921023	AR-ZS-D	188
Arkansas	Diversion Structure Replacement Plans #2	Project	Arkansas Headwaters	"Four Diversion Structure Replacement Projects for public safety, improved diversion efficiency, and to allow fish passage."	Planned	921023	AR-ZS-D	189
Arkansas	Arkansas River Water Needs Assessment	Information	Arkansas Headwaters	Interagency Water Management Plan. Available at: http://parks.state.co.us/Parks/ArkansasHeadwaters/Publications/Pages/ArkansasHeadwatersPublications.aspx	Completed	921023	AR-ZS-D	190
Arkansas	Arkansas River Watershed Invasive Plants Plan	Information	Upper Arkansas River	work to control invasive riparian species	Completed	921023	AR-ZS-D	201
Arkansas	Arkansas Water Transfer Study	Information	Upper Arkansas River	study regarding impacts of water transfers in the Arkansas River	Planned	921023	AR-ZS-D	202
Arkansas	Rocky Mountain Fen Research Program	Information	Arkansas River	study to analyze fen wetlands	Planned	921015	AR-ZS-2	207
Arkansas	Upper Arkansas River Watershed Restoration Plan - California Gulch	Project	California Gulch	Cleanup of mine tailings	Planned	916809	AR-ZS-E	208
Arkansas	Fountain Creek Fish Egg Dredge Sieve	Information	Fountain Creek just above confluence with Arkansas in Pueblo	How to dredge sediment without destroying fish eggs. Developing a special sieve.	Planned	916809	AR-ZS-E	212
Arkansas	Fountain Creek Dam Improvements	Information	Fountain Creek between Colorado Springs and Pueblo City Line	Study to analyze way to get warm-water fish around dam on Fountain Creek	Planned	1531967	AR-ZS-F	213
Arkansas	Fountain Creek Wetlands Improvement	Project	Fountain Creek between Colorado Springs and Pueblo City Line	Rechannelization and improved wetlands as mandated in Colorado Springs 1041 permit for pipeline of water from Pueblo Reservoir	Planned	1531967	AR-ZS-F	214
Arkansas	John Martin Wetlands Protection Study	Information	Wetlands just west of John Martin Reservoir	Hydrologic study to predict impact to wetlands if water from nearby ditches is moved north	Planned	0	AR-ZS-G	215
Arkansas	North Crystal Creek Erosion Control	Project	North Crystal Creek	Erosion control and restoration of three conveyance channels contributing sediment into N. CC	Completed	1529127	AR-ZS-H	236
Arkansas	Glen Cove sediment trap	Project	Glen Cove Creek	Catch sediment from Pikes Peak Highway before it gets into creek	Planned	1528775	AR-ZS-I	237
Arkansas	Glen Cove Wetland	Project	Glen Cove Wetland	Erosion control and restoration of an alpine wetland protecting the headwaters to Glen Cove Creek	Completed	1528775	AR-ZS-I	238
Arkansas	Soda Springs Park Reach	Project	Fountain Creek at Soda Springs Park Reach	Bank stabilization to reduce sediment transport into Fountain Creek and aid in improving trout habitat	Completed	1529605	AR-ZS-J	239
Arkansas	Shryver Park Reach	Project	Fountain Creek at Shryver Park Reach	Bank stabilization project to reduce sediment transport into Fountain Creek and aid in improving trout habitat both in the creek and in an adjacent pond	Completed	1529621	AR-ZS-K	240
Arkansas	Bear Creek - Pikes Peak	Project	Bear Creek	Improve Greenback habitat; erosion control structures and other techniques to reduce sediment transport from a heavily used motorized trail in the watershed. 3 miles	Planned	1529783	AR-ZS-L	241

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Arkansas	Fountain Creek - Memorial Park	Project	Fountain Creek - Memorial Park	Improve trout habitat by stabilizing stream banks and revegetating impacted areas	Planned	1529637	AR-ZS-M	242
Arkansas	West Beaver Creek	Project	West Beaver Creek	Improve sediment detention structures with additional check dams	Planned	947307	AR-ZS-N	243
Arkansas	South Colony Watershed	Project	South Colony Creek	Restoration of non-designated campsites to prevent erosion and pollution	Planned	924121	AR-ZS-O	244
Arkansas	Rehabilitate Skaguay Reservoir	Project/Flow Protection		High level of interest by local water users.	Proposed	948087	AR-ZS-P	339
Arkansas	Acquire additional pond and lake resources for habitat and fisheries	Flow Protection		Water for Wildlife acquisition of the Center Farms water rights will provide substantial water supply for future needs	0	921023	AR-ZS-1	340
Arkansas	Re-operate CDOW storage rights in DeWeese Reservoir	Flow Protection		CDOW has well established relationships with BLM and DeWeese Dye Ditch Co. that would aid in putting this sotrage space to additional uses	Proposed	921799	AR-ZS-Q	341
Arkansas	Arkansas Minimum Flows agreement	Flow Protection			0	921023	AR-ZS-3	347
Arkansas	Pueblo & Arkansas Flow Management Program	Project	Arkansas Basin		Ongoing	1531967	ARK01-1	362
Arkansas	Southern Delivery System	Project	Arkansas Basin		Ongoing	1531967	ARK01-1	363
Arkansas	Fountain Creek Issues and Projects	Project	Arkansas Basin		Ongoing	1531967	ARK01-1	364
Arkansas	Local Watershed Recreational Uses Project	Project	Arkansas Basin		Ongoing	1531967	ARK01-1	365
Arkansas	Stocking Agreements	Project	Arkansas Basin		Ongoing	1531967	ARK01-1	366
Arkansas	Aurora Decrees & Exchanges	Flow Protection	Arkansas Headwaters to John Martin Reservoir		Ongoing	937686	ARK01-3	367
Arkansas	Canon City Kayak Park and Fishing Restoration	Project	Canon City		Completed	949885	ARK01-2	368
Arkansas	Pueblo Flow Program	Project	Arkansas Headwaters to Pueblo Reservoir		Ongoing	5241942	ARK01-4	369
Arkansas	Stream channel and restoration project	Project	Cache Creek		Ongoing	916707	AR-AB1	675
Arkansas	Arkansas River Hecla Junction Restoration Project	Project	upstream Hecla just above confluence			918173	AK-CM-01	1001
Arkansas	Colorado Gulch Restoration near Leadville Colorado, Mt. College, Kato Dee Project - bioreactor system design	Project	colorado gulch, near leadville	Monitoring water quality and clean up gulch using Sulfate Reducing Bioreactor System		916509	AK-CM-02	1002
Arkansas	Dinero and Nelson Tunnel	Project	surgarloaf gulch at dinero tunnel	Identifies sources of pollution and monitoring water quality; Lake Fork of the Arkansas Watershed Restoration near Leadville		916807	AK-CM-03	1003
Arkansas	California Gulch Superfund Project	Project	Gulch near Leadville	Monitoring surface and ground water and snow water equivalency measurements		916809	AK-CM-04	1004
Basin	Name	Type	Location	Comments	Status	COMID	SegmentID	ProjectID
Colorado	Tenmile Creek Wetlands mitigation site	Project	Tenmile Creek	Wetlands Mitigation project for I-70 development	Completed	1312985	CO-ZS-3	40
Colorado	Snake River erosion control project	Water Quality Protection	Snake River above Dillon	Embankment work and erosion control through re-vegetation.	Completed	1314059	CO-ZS-2	41
Colorado	Blue River wetlands project	Water Quality Protection	Blue River downstream of Intrawest Golf	Created wetlands / floodplains to filter pesticides coming from golf course runoff	Completed	1313461	CO-ZS-1	42
Colorado	Shorefox Fish Habitat	Project	Colorado River (1 mile below Granby Reservoir)	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1234247	CO-CBT-ZS-1	104
Colorado	Con Richards Project for Fishing	Project	Colorado River below Williams Fork Confluence	"Creating better Fish habitat, including installation of J-Bars"	Completed	1233089	CO-CBT-ZS-2	105
Colorado	Troublesome Creek Fishing Project	Project	Troublesome Creek	narrowing and deepening for trout habitat	Completed	1231889	CO-CBT-ZS-3	106
Colorado	Skylark Ranch Fishing Habitat	Project	Colorado River on the Skylark Ranch	narrowing and deepening for trout habitat	Completed	1232951	CO-CBT-ZS-4	107
Colorado	Blue Valley Ranch Fishery Project	Project	Blue River above confluence with Colorado River	streambed alterations including rock fish habitat structures. Wetlands restoration. All for trout habitat.	Completed	1311609	CO-CBT-ZS-5	108
Colorado	Fraser River Enhancement Project #1 - Maryvale	Project	Fraser River	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239293	CO-FR-ZS-1	109

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	Fraser River Enhancement Project #2 - Vazquez Confluence	Project	Fraser River	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239293	CO-FR-ZS-1	110
Colorado	Fraser River Enhancement Project #3 - Gauging station	Project	Fraser River	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239293	CO-FR-ZS-1	111
Colorado	Eric Pete's Private Rehab	Project	Fraser River near County Rd. 83	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239287	CO-FR-ZS-2	112
Colorado	Mike Rapuchi Private Rehab	Project	Fraser River near County Rd. 84	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239287	CO-FR-ZS-2	113
Colorado	Devils Thumb Ranch Private Rehab	Project	Fraser River near County Rd. 85	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1239287	CO-FR-ZS-2	114
Colorado	Edgewater Private Bridge	Project	Fraser River near Granby	"Deepening and narrowing River, creating holes for fish habitat."	Completed	1234289	CO-FR-ZS-3	115
Colorado	Highway 40 Bridge	Project	Fraser River downstream of Highway 40 bridge	Sediment Transfer and Spawning Habitat	Completed	1234289	CO-FR-ZS-4	116
Colorado	Dwight Miller Private Rehab	Project	Fraser River at confluence with Ranch Creek	Sediment Transfer and Spawning Habitat	Completed	1239233	CO-FR-ZS-6	117
Colorado	Ron Jones Private Rehab	Project	Fraser River 1 mile upstream of confluence with Ranch Creek	Sediment Transfer and Spawning Habitat	Completed	1239255	CO-FR-ZS-7	118
Colorado	Trail Creek (North and South) Moffat Collection System Bypass Flows	Flow Protection	Trail Creek (North and South) - T1N R75W S22	Denver Water Moffat Collection Bypass Flows	Completed	1234373	CO-FR-ZS-8	119
Colorado	Hurd Creek Moffat Collection System Bypass Flows	Flow Protection	Hurd Creek - T1N R75W S34	Denver Water Moffat Collection Bypass Flows	Completed	1234519	CO-FR-ZS-9	120
Colorado	Cabin Creek Moffat Collection System Bypass Flows	Flow Protection	Cabin Creek - T1S R75W S2	Denver Water Moffat Collection Bypass Flows	Completed	1239269	CO-FR-ZS-11	122
Colorado	Little Cabin Creek Moffat Collection System Bypass Flows	Flow Protection	Little Cabin Creek - T1S R75W S11	Denver Water Moffat Collection Bypass Flows	Completed	1239595	CO-FR-ZS-12	123
Colorado	Meadow Creek Moffat Collection System Bypass Flows	Flow Protection	Meadow Creek - T1N R75W S15	Denver Water Moffat Collection Bypass Flows	Completed	1234517	CO-FR-ZS-13	124
Colorado	Fraser River Denver Water Minimum Releases	Flow Protection	Fraser River	Denver Water Minimum Instream Flows	Completed	1239315	CO-ZS-15	125
Colorado	St. Louis Creek Denver Water Minimum Releases	Flow Protection	St. Louis Creek	Denver Water Minimum Instream Flows	Completed	1239329	CO-ZS-16	126
Colorado	Ranch Creek Denver Water Minimum Releases	Flow Protection	Ranch Creek	Denver Water Minimum Instream Flows	Completed	1239271	CO-ZS-17	127
Colorado	Vasquez Creek Denver Water Minimum Releases	Flow Protection	Vasquez Creek	Denver Water Minimum Instream Flows	Completed	1239617	CO-ZS-18	128
Colorado	Dillon Reservoir Denver Water Minimum Releases	Flow Protection	Dillon Reservoir	Denver Water Minimum Instream Flows	Completed	3179730	CO-ZS-19	129
Colorado	Williams Fork Reservoir Denver Water Minimum Releases	Flow Protection	Williams Fork Reservoir	Denver Water Minimum Instream Flows	Completed	1232803	CO-ZS-20	130
Colorado	Black Gore Creek Sediment Removal	Water Quality Protection	Black Gore Creek	sediment basins installed and sediment directly removed.	Completed	1320274	CO-ZS-6	132
Colorado	Basin of Last Resort Sediment Control Project	Water Quality Protection	Black Gore Creek	"excavation of sediment, clean water bypass installed. Willow planting around basin."	Completed	1320274	CO-ZS-6	133
Colorado	East Zone Stream Habitat Improvements	Water Quality Protection	Eagle River Tributaries	bank revegetation at stream crossings on trails	Completed	1319804	CO-ZS-7	134
Colorado	Vail Ski Area Watershed Improvements	Water Quality Protection	Eagle River Watershed	re-grade slopes off roads and revegetate	Completed	1319264	CO-ZS-8	135
Colorado	Red Dirt Creek Bank Revegetation	Project	East Fork Red Dirt Creek	bank stabilization and woody debris added for trout habitat.	Completed	1235377	CO-ZS-9	136
Colorado	Straight Creek Sediment Control Project	Water Quality Protection	Straight Creek	sediment basins installed.	Completed	1314029	CO-ZS-10	137
Colorado	Dutch and Coal Creeks Riparian Planting Project	Project	Confluence of Dutch and Coal Creek	Willow planting along creeks	Completed	1326173	CO-ZS-11	138
Colorado	Redstone Placita Riparian Restoration Project	Project	Crystal River near Redstone	Closed and revegetated segment of road along the creek near Redstone. Vegetated section near Placita.	Completed	1326193	CO-ZS-12	139
Colorado	Eagle River Restoration Phase II	Project	Eagle River	Created Trout habitat and bank stabilization	Completed	1319630	CO-ZS-13	140
Colorado	Piney River Habitat Enhancement	Project	Piney River below Piney Lake	Created Trout habitat and bank stabilization	Planned	1238569	CO-ZS-14	141
Colorado	Vasquez Creek Instream Fish Habitat	Project	Vasquez Creek	Instream Fish Habitat Structures	Completed	1239617	USFS-ZS-24	178
Colorado	St. Louis Creek Instream Fish Habitat	Project	St. Louis Creek	Instream Fish Habitat Structures	Completed	1239317	USFS-ZS-25	179
Colorado	Cabin Creek Riparian Restoration	Project	Cabin Creek	Road Removal and Riparian Restoration	Completed	1231303	USFS-ZS-26	180
Colorado	Bronco Creek Riparian Restoration	Project	Bronco Creek	Road Removal and Riparian Restoration	Completed	1230901	USFS-ZS-27	181

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	Bronco Creek Mine Equipment Removal Project	Project	Bronco Creek	Mine Equipment Removal and Stream Stabilization	Completed	1230901	USFS-ZS-28	182
Colorado	Denver Creek Instream Fish Habitat	Project	Denver Creek	Instream Fish Habitat Structures	Completed	1231055	USFS-ZS-29	183
Colorado	Sawmill Gulch Instream Fish Habitat	Project	Sawmill Gulch	Instream Fish Habitat Structures	Completed	1231159	USFS-ZS-30	184
Colorado	Colorado River Channel Reconstruction	Project	Colorado River (between Shadow Mountain and Lake Granby)	Channel Reconstruction to allow Salmon passage and for Trout habitat.	Completed	1234563	USFS-ZS-31	185
Colorado	Fraser River Sediment Trap	Water Quality Protection	Fraser River at Denver Water Moffat Diversion	Sediment Trap	Completed	1239661	USFS-ZS-33	187
Colorado	Recommended Minimum flows along the Gunnison and Colorado Rivers	Information	Gunnison and Colorado Rivers	Recommended Minimum Flows. Available at: http://coloradoriverrecovery.org/documents-publications/technical-reports/isf/GunnCoflowrec.pdf	Completed	1235775	CO-ZS-40	192
Colorado	Eagle River Watershed Retrospective Assessment	Information	Eagle River Basin	partnership including USGS to assess water quality in Eagle River Basin	Completed	1320246	CO-ZS-20	204
Colorado	Upper Colorado Wild & Scenic Alternative Management Plan Stakeholder Group	Project	Upper Colorado River	partnership developing management alternatives to wild and scenic designation	Planned	1231819	CO07-2	205
Colorado	Upper Colorado Endangered Fish Program - 10825 Water Supply	Flow Protection	Colorado River Near the mouth of the Gunnison River	planned instream flow to protect four endangered fish species	Planned	3179730	CO-ZS-19	206
Colorado	West Divide Project: Evaluation of Potential Water Demands within the Crystal River Watershed	Information	Crystal River	"identify potential water demands and water needs; identify the quantity, timing, and frequency of water supply shortages."	Completed	1326251	CO-ZS-21	245
Colorado	Instream Flow Recommendations for Lincoln Creek and Roaring Fork River	Information	Lincoln & Roaring Fork	"Proposed schedule for release of 3,000 acre feet to improve fisheries, wildlife, and rec values"	Completed	1327239	CO-ZS-22	246
Colorado	A Study of Macroinvertebrate community responses to Winter Flows on the Fryingpan River	Information	Fryingpan River	Study on how water releases affect macroinvertebrates	Completed	1326863	CO-ZS-23	247
Colorado	Fryingpan and Roaring Forks Fishery Study	Information	Fryingpan River	Understanding needs of trout species	Completed	1326973	CO-ZS-23	248
Colorado	Stream Fisheries Investigations	Information	Fryingpan River below Ruedi Reservoir	Relationship between streamflow on Fryingpan below Ruedi Reservoir	Completed	1326961	CO-ZS-23	249
Colorado	Instream Flow Assessment of Maroon Creek	Information	Maroon Creek	Study: evaluation of the existing biological state; establishment of baseline	Completed	1327145	CO-ZS-24	250
Colorado	Report on Bureau of Rec 2006 Ruedi Release	Information	Fryingpan River	How releases affected 5 habitat indicators	Completed	1326973	CO-ZS-23	251
Colorado	State of the Roaring Fork Watershed Report	Information	Roaring Fork Watershed	Summary of existing studies and information for comprehensive understanding of watershed	Completed	1324997	CO-ZS-25	252
Colorado	Coordinated Reservoirs Operations Program	Flow Protection	Colorado River	Coordinated release to mimic high flows from Williams Fork, Dillon, Granby, Shadow Mountain, Ruedi, Wolford, Green Mountain	Completed	1232963	CO07-2	254
Colorado	DWB Diversion Enhancement	Project	Hamilton Creek	"Fish barrier incomplete, constructed an elevated concrete flume to make the barrier complete"	Completed	1313505	USFS-CO-1	256
Colorado	Rock Barrier	Project	South Fork of Ranch Creek	Rock barrier as fish barrier	Completed	1239299	USFS-CO-2	257
Colorado	Stream Improvement	Project	South Fork of Ranch Creek	"YOY refugia enhancement, culvert/barrier removal, bank stabilization, ATV crossing improvement"	Completed	1239299	USFS-ZS-3-1	258
Colorado	Stream Improvement	Project	Little Vasquez Creek	Culvert retrofit with detachable fishway	Completed	1239631	USFS-CO-4	259
Colorado	Stream Improvement	Project	Little Vasquez Creek	"Culvert retrofit with detachable fishway, YOY refugia enhancement"	Completed	1239389	USFS-CO-5	260
Colorado	Habitat Improvement	Project	Vasquez Creek	Log drop structures	Completed	1239667	USFS-CO-6	261
Colorado	Culvert Repairs	Project	Supply Creek	Culvert upgrade to open bottom arch	Completed	1234055	USFS-SR-1	264
Colorado	ATV fording repairs	Project	Trail Creek	ATV crossings fixed by ATV bridge construction (3 sites); ATV ford fixed by open bottom arch	Completed	1234077	USFS-SR-2	265
Colorado	Habitat Improvement	Project	Willow Creek	Log drop structures	Completed	1231147	USFS-SR-3	266
Colorado	Grand County Visitor preference survey	Information	Grand County	0	Completed	1237285	CO10-1	269
Colorado	BLM Resource Management Plan revision	Information	0	0	Ongoing	1236891	CO10-2	270
Colorado	BLM Visitor Preference Survey	Information	0	0	Ongoing	1236891	CO10-2	272
Colorado	Grand County Stream Management Plan	Information	Multiple specific locations in Grand County	Get lat/long of all quantification locations	Ongoing	1235775	CO10-3	273

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	River2D analysis	Information	Five locations between Kremmling and Glenwood Springs	Report expected 2010.	Ongoing	1235775	CO10-3	274
Colorado	Wild and Scenic Eligibility Report	Information			Completed	1231819	CO07-2	275
Colorado	10825	Flow Protection			0	1234497	CO4-2	276
Colorado	Grand County algae and nutrient studies	Information			Ongoing	1234549	CO3-2	278
Colorado	Grand County Stream Temperature Studies	Information			Ongoing	1234549	CO3-2	279
Colorado	Bureau of Rec study of Adams tunnel flow and timing as it affect Grand Lake water quality	Information			Ongoing	1234549	CO3-2	280
Colorado	CDPHE - listing for temp 303d	Information			Ongoing	1239307	CO01-9	292
Colorado	CDPHE - listing for copper on the M+E	Information			Ongoing	1239307	CO01-9	293
Colorado	"Temp study, stream and ambient air"	Information	Grand County		Ongoing	0	CO02-3	294
Colorado	Fraser River Enhancement Project	Project			0	1239323	CO01-2	295
Colorado	Winter Park Water and Sanitation Pumpback	Flow Protection		protect instream flows	Planned	1239659	CO01-3	296
Colorado	Winter Park Rec. Ass'n snowmaking pumpback and storage	Flow Protection		protect instream flows	Planned	1239659	CO01-3	297
Colorado	Winter Park Water and Sanitation Alt. source diversion	Flow Protection		protect instream flows	Planned	1239659	CO01-3	298
Colorado	Traction Sand Sedimentation Basion	Project		Project will remove sed from streambed	Planned	1239671	CO01-4	299
Colorado	Grand County Water Information Network	Information		"Sampling, data collection, database maintenance"	Ongoing	2885104	CO01-14	300
Colorado	Shares purchased for NCNs	Project			Completed	0	CO01-5	301
Colorado	Aquatic Habitat (PHABSM)	Information			Planned	1232979	CO01-6	302
Colorado	Pool and river habitat for winter flows	Project			Planned	1232979	CO01-6	303
Colorado	Bar construction to narrow low flow	Project			Planned	1232979	CO01-6	304
Colorado	Develop a channel by-pass around Windy Gap	Project			Planned	1232979	CO01-6	305
Colorado	PNABSM	Information		spawning surveys completed	Completed	1239613	CO01A-1	306
Colorado	Streamside restoration on lower reach	Project		"narrow low flows, increase shading, create pools to lower temp, support fishing and lower temp on fraser"	Planned	1239613	CO01A-1	307
Colorado	Stream restoration	Project		"Restore stream after dredge mining, reach is currently void of aquatic habitat"	Proposed	1314631	CO15-1	308
Colorado	SWSI Shoshone Sediment Release	Project		Agreement with Excel to revise release timing; permit revision could be required	Ongoing	1235809	CO-ZS-26	317
Colorado	SWSI Cutthroat Restoration	Flow Protection		Analyses of water rights	Ongoing	1319536	CO-ZS-28	319
Colorado	SWSI Gypsum State Wildlife Area Insteram Habitat Improvement	Project/Flow Protection		no final plan yet	Ongoing	1319096	CO-ZS-29	320
Colorado	SWSI Eagle Mine Superfund Project	Project		projects awarded	Ongoing	1319818	CO-ZS-30	321
Colorado	SWSI Summer Base-flow project	Project		Problem identified, no solutions identified	Planned	1319106	CO-ZS-31	322
Colorado	SWSI Aquatic Wildlife Management Plan	Project		Plan in draft (2004)	Planned	3179804	CO-ZS-90	323
Colorado	Ruedi Reservoir flow agreement	Flow Protection			Completed	1326889	CO-ZS-32	348
Colorado	Grand County Water Information Network	Information	Colorado River headwaters in Grand County		Ongoing	1234211	CO05	409
Colorado	Water Use Study (comestic use correlation to maintaining a specific instream flow)	Information	Fraser River inside Town of Winter Park	Buildout has been capped to maintain a specific flow in the Fraser River	Completed	1239657	CO01-7	410
Colorado	Negotiations with Denver Water	Flow Protection	Upper Fraser River and tributaries		Ongoing	1239641	CO01-8	412
Colorado	Moffat Project	Project	Upper Fraser River and tributaries		Ongoing	2891692	CO01-8	413
Colorado	"303d listing from Hammond Ditch, Ranch Creek, St. Louis Creek, on Fraser"	Project	Upper Fraser River and tributaries		0	2891692	CO01-8	414
Colorado	Moffet Tunnel Expansion Project -EIS and other data from Denver Water	Information	Upper Fraser River and tributaries		Planned	2891692	CO01-10	416
Colorado	Platte & Colorado Simulation Model (PACSM)	Information	Upper Fraser River and tributaries		Ongoing	1239645	CO01-10	417

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	TNC Study for Denver re: maximizing operations to leave more flows	Information	Upper Fraser River and tributaries		Ongoing	1239645	CO01-10	418
Colorado	Winter Park Rec. Assn. Snow making pumpback and storage	Flow Protection	Fraser River Jim Creek to US Hwy 40	could help protect in-stream flows	Ongoing	1239363	CO01-11	421
Colorado	Fraser River Enhancement Project (FREP) by Towns of Fraser and Winter Park	Flow Protection	Fraser River Jim Creek to US Hwy 40		Ongoing	1239363	CO01-11	423
Colorado	Temperature Study (stream and ambient)	Information	Fraser River - Berthoud Pass to the confluence		Ongoing	0	CO02-3	426
Colorado	CDPHE listing for temperature 303d	Flow Protection	Fraser River		Ongoing	1239671	CO01-12	427
Colorado	CDPHE listing for copper on the M&E list	Project	Fraser River		Ongoing	1239671	CO01-12	428
Colorado	Share purchase in the Grand County Irrigated Land Company	Flow Protection	Fraser River	shares were purchased for future use of the water in the upper Fraser River for non-consumptive use and consumptive use	Completed	1234371	CO01-13	429
Colorado	Algae & nutrient studies	Information	Grand Lake		Ongoing	1234549	CO3-2	430
Colorado	temperature studies	Project	Grand Lake		Ongoing	1234549	CO3-2	431
Colorado	Study on Bureau of Reclamation pumping through Adams Tunnel diversion on water quality in the lake	Information	Grand Lake		Ongoing	1234549	CO3-2	432
Colorado	GCWIN and Northern Conservancy District study on water quality in the lake (5 years data so far)	Information	Grand Lake		Ongoing	1234549	CO3-2	433
Colorado	Trying to get 10825 water released from Lake Granby to increase flows and help with problems related to water temperature	Flow Protection	North Fork of the Colorado	"Right now there are two ""firming"" projects being reviewed by Denver Water and the Northern Colorado Water conservancy District. Problem is water is taken above our streams and rivers so we have a water shortage throughout Grand County"	Planned	1234497	CO4-2	434
Colorado	Red Top Valley ditch and 10825 water evaluation	Flow Protection	North Fork of the Colorado	Red Top diversions are drying up the river. Would like evaluation of minimum flows needed to be left in the stream and mechanisms to deliver water to other shareholders without drying up the river	Ongoing	1234497	CO4-3	435
Colorado	Windy Gap Firming EIS	Information	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	436
Colorado	Moffat Firming EIS	Information	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	437
Colorado	Nehring Macro-Invertebrates Study 2010	Information	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	438
Colorado	CDOW Fish Populations Study 2010 (Ewert)	Information	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	439
Colorado	Listed 303d - temperature	Project	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	440
Colorado	10825 Endangered Fish Study 2009	Project	Colorado River Windy Gap to Williams Fork		Ongoing	1232979	CO06-2	441
Colorado	CDOW Fish surveys over several years	Information	Colorado River -- Windy Gap Reservoir to Kremmling		Completed	1232151	CO07-2	442
Colorado	Nehring -- Whirling disease study	Information	Colorado River -- Windy Gap Reservoir to Kremmling		Completed	1232151	CO07-2	443
Colorado	Didymo (algae) Study (ASLO CU?)	Information	Colorado River -- Windy Gap Reservoir to Kremmling	study on Boulder Creek but results relevant for Colorado -- low flows and high phosphorus increase Didymo population	Completed	1232151	CO07-2	444
Colorado	FWS 1951 studies	Information	Colorado River -- Windy Gap Reservoir to Kremmling	0	Completed	1232151	CO07-2	445
Colorado	Windy Gap Project docs/data	Information	Colorado River -- Windy Gap Reservoir to Kremmling	0	Completed	1232151	CO07-2	446

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	Wild and Scenic Eligibility	Project	Colorado River -- Windy Gap Reservoir to Kremmling	0	Ongoing	1232151	CO07-2	447
Colorado	BLM Resource Management Plan	Information	Colorado River -- Windy Gap Reservoir to Kremmling	long term management guidance for natural resource protection and recreation activity/experience opportunities	Ongoing	1232985	CO7-4	449
Colorado	W&SR Eligibility Report	Information	Colorado River -- Windy Gap Reservoir to Kremmling	suitability report to be included in final decision; ORV's include recreation (fishing)	Ongoing	1231761	CO7-4	450
Colorado	Visitor Preference Survey 2007	Information	Colorado River -- Windy Gap Reservoir to Kremmling	identified preferences for activity, experiences, benefits (personel, commnity, environmental & economic)	Completed	1233925	CO7-4	451
Colorado	W&SR suitability determination with RMP decision	Information	Colorado River -- Windy Gap Reservoir to Kremmling		Planned	1234505	CO7-4	452
Colorado	Upper Colorado Wild & Scenic Stakeholder Group alternative proposal	Information	Colorado River -- Windy Gap Reservoir to Kremmling		Planned	1233925	CO7-4	453
Colorado	Grand County Stream Management Plan	Information	Williams Fork River	Stream Management/Adaptive Management monitoring opportunity for enhancements from Denver	Ongoing	1238155	CO08-1	454
Colorado	Moffat Firming Project EIS	Information	Williams Fork River		Ongoing	1238155	CO08-2	455
Colorado	GCWIN	Information	Williams Fork River		Ongoing	1238155	CO08-2	456
Colorado	Stream Management/Adaptive Management monitoring opportunity for enhancements from Denver	Information	Williams Fork River	coordination of operations between Northern Colorado Water Conservancy District and Denver could help flows and temperatures without affecting yield. 10825 water and enhancements from NCWCD could help	Planned	1239423	CO08-2	457
Colorado	possible purchase of water rights	Flow Protection	Williams Fork River		Proposed	1239423	CO08-2	458
Colorado	Carryover storage in Williams fork for environmental flows	Flow Protection	Williams Fork River	how Williams Fork could be used to augment flows with water purchased by others but stored in Williams fork River	Proposed	1238155	CO08-2	459
Colorado	Tudor Jones reclamation for trout habitat	Project	Blue River below Green Mountain		0	1311633	CO09-2	460
Colorado	Grand county stream Management Plan -- Phase III restoration	Information	Blue River below Green Mountain		Ongoing	1311633	CO09-2	461
Colorado	Green Mountain Pumpback study	Information	Blue River below Green Mountain	need to know the water quality implications for Dillon and recreational impacts on Blue River to Colorado River	Ongoing	1311633	CO09-2	462
Colorado	Implement recommendations to control flow fluctuations as specified in forthcoming stream plan	Flow Protection	Blue River below Green Mountain		Planned	1311633	CO09-2	463
Colorado	Grand County Stream Management Plan	Information	Colorado River Confluence with the Blue River to State Bridge		Ongoing	1236891	CO10-1	465
Colorado	BLM Resource Management Plan Revision	Information	Colorado River Confluence with the Blue River to State Bridge	includes land management and W&SR aspects in EIS	Ongoing	1236891	CO10-2	466
Colorado	W&SR suitability determination with RMP decision	Information	Colorado River Confluence with the Blue River to State Bridge		Planned	1237285	CO10-2	467
Colorado	Upper Colorado Wild & Scenic Stakeholder Group alternative proposal	Information	Colorado River Confluence with the Blue River to State Bridge		Planned	1237285	CO10-2	468
Colorado	American Whitewater's Recreational Flow Assessment	Information	Colorado River from confluence with Blue River to No Name Creek in glenwood Canyon	"contains information on flow rates, results, etc."	Completed	1235771	CO10-3	469
Colorado	American Whitewater user surveys	Information	Colorado River from confluence with Blue River to No Name Creek in glenwood Canyon		Ongoing	1235771	CO10-3	470
Colorado	CDOW fish shocking surveys	Information	Colorado River from confluence with Blue River to No Name Creek in glenwood Canyon		Ongoing	1235771	CO10-3	471
Colorado	Field work for ISF	Information			Completed	1235775	CO10-3	472

Colorado	"Analysis of Remedial Methods by EPA, CDPHE and NWCCOG"	Project	Snake River		Ongoing	1314059	CO13	473
Colorado	319 Grant with DRMS for project	Project	Snake River		Ongoing	1314059	CO13	474
Colorado	CDOW fish shocking in lower segment	Information	Snake River		Ongoing	1314059	CO13	475
Colorado	Likely Superfund treatment of Pennsylvania Mine	Information	Snake River		Planned	1314059	CO13	476
Colorado	CWCD loan to East Fork Mutual Irrigation Co. for ditch repair	Information	Troublesome Creek		Ongoing	1231473	CO14	477
Colorado	CDOW Fish surveys/status of Gold Medal fishery	Information	Blue River below Dillon Reservoir		Ongoing	1312409	CO16	478
Colorado	Town of Silverthorne information for RICD and quantification of flows	Information	Blue River below Dillon Reservoir		Ongoing	1312409	CO16-1	479
Colorado	CDOT I70 sediment control plan	Project	Blue River below Dillon Reservoir		Ongoing	1312409	CO16-1	480
Colorado	Design and construction of kayak park for RICD	Project	Blue River below Dillon Reservoir		Planned	1312409	CO16-1	481
Colorado	Restoration project	Project	Blue River above Dillon	Need to develop restoration plan. Reach is currently devoid of all aquatic life.	Completed	1314631	CO15	482
Colorado	Aquatic habitat study and restoration project (Town of Breckenridge)	Project	Blue River above Dillon	Need to develop restoration plan. Reach is currently devoid of all aquatic life.	Planned	1314631	CO15-2	483
Colorado	15 Mile Reach Programmatic Biological Opinion	Flow Protection	Gunnison River - 15 Mile Reach		Ongoing	3179730	CO2-1	484
Colorado	Wild and Scenic alternatives process and preliminary suitability	Flow Protection	Gunnison River - BLM GJFO Wild and Scenic section		Ongoing	3178218	CO2-02 AND 03	485
Colorado	Water Quality Treatment project	Project	Sheep Creek		0	1232675	CO2-04	486
Colorado	Wild and Scenic eligibility and alternatives process	Flow protection	Carr and Roan Creeks		Ongoing	1253906	CO2-05	487
Colorado	Pitkin County ISF filings with CWCB	Flow protection	Pitkin County streams		Planned	1325919	CO2-06	488
Colorado	Proposed Hidden Gems Wilderness area and designation	Flow protection	Crystal River - tributary streams and some reaches		Proposed	1326071	CO2-07	489
Colorado	Planned BLM studies and management plan	Information	Roan Plateau		Planned	1253422	CO2-08	490
Colorado	USFS bypass flow below Moffat collection system	Flow protection	Fraser River - mainstem from Denver water diversion to forest boundary		Ongoing	1239657	CO2-10	491
Colorado	Planned Moffat firming DEIS	Flow protection	Fraser River - mainstem from Denver water diversion to forest boundary		Planned	1239657	CO2-10	492
Colorado	Administratively required bypass flow from Moffat	Flow protection	St. Louis Creek - forest boundary to Denver diversion		Ongoing	1239329	CO2-11	493
Colorado	USFS bypass flow below Moffat collection system	Flow Protection	Ranch Creek - Denver diversion to forest boundary		Ongoing	1239605	CO2-12	494
Colorado	USFS bypass flow below Moffat collection system	Flow Protection	Vasquez Creek - Denver diversion to forest boundary		Ongoing	1239667	CO2-13	495
Colorado	Wild and Scenic eligibility and alternatives process	Flow Protection	Eagle River in Eagle County		Ongoing	1319362	CO2-16	497
Colorado	Planned updated Eagle River watershed plan	Information	Eagle River in Eagle County		Planned	1320328	CO2-16	498
Colorado	Wild and Scenic eligibility and alternatives process	Flow Protection	Colorado River - Piney to Eagle River		Ongoing	1236065	CO02-18	499
Colorado	Wolcott feasibility process	Information	Colorado River - Piney to Eagle River		Ongoing	1236065	CO02-18	500
Colorado	Fraser River sediment control project	Project	Fraser River - just upstream of denver diversion		Ongoing	1239657	CO2-21	501
Colorado	Planned Fraser River settling basin upgrades	Project	Fraser River - just upstream of denver diversion		Planned	1239657	CO2-21	502
Colorado	Stream habitat enhancement project to improve fishery	Project	Colorado River between shadow mtn reservoir and granby reservoir		Completed	1234105	CO2-25	503
Colorado	Constructed fish barrier to isolate non-natives from Colo CTT	Project	South Fork of Ranch Creek above Denver diversion		Completed	1239299	CO2-26	504
Colorado	CDOT Black Gore sediment control action plan	Information	Black Gore and Gore Creeks		Completed	1231699	CO2-27	505

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Colorado	Miscellaneous bypass flows below Moffat collection system	Flow Protection	"Fraser River - various tributaries - Meadow, Cabin and Hamilton Creeks"		Ongoing	1239715	CO2-28	506
Colorado	"Planned culvert replacements for aquatic passage for Brook Trout, Mountain Sucker and Brown Trout"	Information	Rock Creek		Planned	1231423	CO-AB1	620
Colorado	Channel Stabilization work	Project	Buzzard Creek		Completed	3181198	CO-AB2	621
Colorado	Boreal toad breeding ground monitoring	Information	Buzzard Creek		Ongoing	3181198	CO-AB2	622
Colorado	Management of Hunter Reservoir outflows benefit E Salt Creek fish habitat	Flow Protection	East Salt Creek		Ongoing	3180870	CO-AB3	623
Colorado	Channel Stabilization work	Project	Hightower Creek		Completed	3180700	CO-AB4	624
Colorado	Fish Barrier	Project	West Fork of Red Dirt Creek	Installed barrier for Colorado Cuthroat Benefit	Completed	1235377	CO-AB5	667
Colorado	Under consideration for Wild and Scenic designation	Information	Deep Creek	Protecting outstanding values with management	Ongoing	1235667	CO-AB6	668
Colorado	Colorado Cuthroat Trout habitat restoration and restocking	Project	East Fork of Parachute Creek		Ongoing	1253630	CO-AB7	669
Colorado	"Stream rehabilitation project, livestock exclosures, and non-native removal"	Project	Trapper Creek		Completed	1253630	CO-AB8	670
Colorado	NCA Designation for McInnis Canyons	Flow Protection	Colorado River through McInnis Canyons		Completed	3179434	CO-AB9	671
Colorado	French Gulch Superfund Program	Water Quality Protection	Approximately 2.2 miles upstream of confluence of French Creek and Blue River		Completed	1314633	CO17	680
Gunnison	Cebolla Creek Instream Flow	Flow Protection	Cebolla Creek (just upstream of Blue Mesa)	Planned acquisition of water rights	Planned	3253205	G-ZS-D	96
Gunnison	Little Cimarron Creek Instream Flow	Flow Protection	Little Cimarron Creek (Above Stumpy Creek Confluence)	Planned acquisition of water rights	Planned	3253185	G-ZS-C	97
Gunnison	Recommended Minimum flows for Gunnison River at the Confluence with the Colorado River	Information	Gunnison River near confluence with Colorado River	Recommended Minimum Flows. Available at: http://coloradoriverrecovery.org/documents-publications/technical-reports/isf/Burdick1997.pdf	Completed	3229983	G-ZS-E	191
Gunnison	Lake Fork Trail Stair Project	Project	Lake Fork of the Gunnison	install better stream access to reduce human impacts	Planned	3253485	G-ZS-F	209
Gunnison	Lake Fork Fish Enhancements	Project	Lake Fork of the Gunnison	installation of fishery habitat structures	Planned	3255221	G-ZS-G	210
Gunnison	North Fork Rehabilitation	Project	North Fork of Gunnison	"Six miles of stream bank restoration, rebuilt 7 irrigation diversions for efficiency, public park on gravel mine"	Completed	1337272	G-ZS-H	253
Gunnison	Coal Creek Watershed Restoration Plan	Information	Coal Creek	"Plan will outline restoration goals and funding needs and includes projects like irrigation diversion improvements, wetland restoration, mine reclamation and stormwater contaminant reduction"	Planned	1332228	G-ZS-I	255
Gunnison	Lease/loan/purchase of water rights for instream flow	Flow Protection	Cochetopa Creek	Lease/loan/purchase of water rights for instream flow. Working with local landowner to re-wet stream	Planned	9773671	G-ZS-B	267
Gunnison	SWSI Cochetopa Creek dry-up	Project/Flow Protection		Tentative Discussions between water right/ranch owner	Ongoing	9773013	G-ZS-B2	314
Gunnison	SWSI Aspinall Unit Operations EIS	Flow Protection			Ongoing	3253103	G-ZS-J	315
Gunnison	Washington Gulch stream rehabilitation	Project	Washington Gulch		Ongoing	1332204	G02	350
Gunnison	Gunnison Basin Selenium task Force	Project		water quality and remediation	Ongoing	3232789	G04	352
Gunnison	CWCB ISF Proposals for Dominguez Canyon Wilderness area & NCA	Flow Protection		to meet WSR provisions of federal legislation	Completed	3229983	G04	353
Gunnison	15 yr Flow Management Project Taylor River	Project	Taylor River	High Country Citizens Alliance (HCCA) project	Ongoing	1333216	G16	356
Gunnison	HCCA Project	Project	Lake Fork -- Lake San Cristobal to confluence with the Gunnison	High Country Citizens Alliance (HCCA) project	Ongoing	3253369	G19	357
Gunnison	Gunnison Basin Selenium task Force	Project	North Fork of the Gunnison -- Paonia Dam to the confluence with the Gunnison	North Fork is dewatered July-Sept due to irrigation use	Ongoing	1337382	G06	358

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID

North Platte	Wheeler Creek water quality / quantity measurements	Information	Wheeler Creek	"water quality, water quantity, and R2Cross measurements for purpose of CWCB instream flow right"	Completed	15986047	NP1-19	83
North Platte	Wheeler Creek instream flow right	Flow Protection	Wheeler Creek	purpose to obtain CWCB instream flow right	Planned	15986047	NP1-19	84
North Platte	South Fork of Big Creek water quality / quantity measurements	Information	South Fork Big Creek	"water quality, water quantity, and R2Cross measurements for purpose of CWCB instream flow right"	Completed	15986017	NP1-20	85
North Platte	South Fork of Big Creek instream flow right	Flow Protection	South Fork Big Creek	purpose to obtain CWCB instream flow right	Planned	15986017	NP1-20	86
North Platte	North Fork of North Platte River water quality / quantity measurements	Information	North Fork of North Platte River	"water quality, water quantity, and R2Cross measurements for purpose of CWCB instream flow right"	Completed	15996022		87
North Platte	North Fork of North Platte River instream flow right	Flow Protection	North Fork of North Platte River	purpose to obtain CWCB instream flow right	Planned	15996022	NP1-21	88
North Platte	Indian Creek water quality / quantity measurements	Information	Indian Creek	"water quality, water quantity, and R2Cross measurements for CWCB website"	Completed	15999898	NP1-22	89
North Platte	Grizzly Creek water quality / quantity measurements	Information	Grizzly Creek	infrequent water quality and water quantity measurements for BLM	Completed	15999706	NP1-23a	90
North Platte	Government Creek water quality / quantity measurements	Information	Government Creek	infrequent water quality and water quantity measurements for BLM	Completed	15995172	NP1-23b	91

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
North Platte	Spring Creek water quality / quantity measurements	Information	Spring Creek	infrequent water quality and water quantity measurements for BLM	Completed	15996838	NP1-23c	92
North Platte	Chandler Ranch Ditch Cleaning	Project		Chandler Ranch Ditch Cleaning	Planned	15995036	NP1-24	93
North Platte	Deadman Creek Instream Fish Habitat	Project	Deadman Creek	Instream Fish Habitat Structures	Completed	2897847	USFS-ZS-4	157
North Platte	Jimmy Creek Wetland Livestock Fencing Project	Project	Jimmy Creek Wetland	Livestock Fencing to promote wetland recovery	Completed	17496851	USFS-ZS-7	160
North Platte	Jimmy Creek Spring Livestock Fencing Project	Project	Jimmy Creek Spring	Livestock Fencing to promote wetland recovery	Completed	17496799	USFS-ZS-8	161
North Platte	Lake John Expansion	Project		Presented in concept	Proposed	15994684	NP1-25	338
Rio Grande	"Rio Grande Main stem (Fern Creek to Cliff Lake) Tree planting, and Fishery structures"	Project	Rio Grande Main stem (Fern Creek to Cliff Lake)		Completed	17906065	RG-ZS-15	2
Rio Grande	Rio Grande Main stem (Fern Creek to Cliff Lake) Stream Rechanneling	Project	Rio Grande Main stem (Fern Creek to Cliff Lake)		Completed	17906065	RG-ZS-15-1	3
Rio Grande	Rio Grande Reservoir Rehabilitation	Flow Protection	Rio Grande Reservoir	Enhanced storage providing retiming of Rio Grande flows. See Travis Smith for studies.	Planned	17906259	RG-ZS-4	4
Rio Grande	Shallow Creek Stream Restoration & Structures	Project	Shallow Creek	"Stream Restoration and Enhance Structures (drops, weirs, etc) for fisheries."	Completed	17908229	RG-ZS-13	5
Rio Grande	Sheep Creek Rock Dams	Project	Sheep Creek - Trib to Saguache Creek	Installed about 40 rock dam structures in stream.	Completed	17880418	RG-ZS-10	6
Rio Grande	Ceede to Creede	Project	Trout Creek above Creede	"Installed checks, weirs, j-hooks, and rock structures to improve fisheries and stop bank erosion. Planted trees."	Completed	17906291	RG-ZS-12	7
Rio Grande	Rio Grande Natural Area Riparian Restoration	Project	Rio Grande from Alamosa Wildlife National Refuge to Colorado state line	1/4 mile strip on both sides of Rio Grande to restore riparian corridor	Planned	17863200	RG-ZS-8	8
Rio Grande	Willow Creek Restoration Committee Mine Tailings	Water Quality Protection	Willow Creek	Portions mine tailing sites restored	Completed	17906589	RG-ZS-9	9
Rio Grande	Willow Creek Restoration Committee Channel Restoration	Project	Mineral County above Creede to Rio Grande	"Restore natural channel, reduce sediment and heavy metal pollution"	Planned	17906589	RG-ZS-9-1	10
Rio Grande	Kerber Creek Restoration	Project	Kerber Creek	Stream Restoration	Completed	17886768	RG-ZS-6	11
Rio Grande	South Fork of Rio Grande Park Creek Campground	Project	South Fork of Rio Grande at Park Creek Campground	"six instream structures (J-hooks, weirs, etc) for fish habitat and 0.2 acres of riparian wetlands"	Completed	17907023	RG-ZS-22	38
Rio Grande	Gravel Pond Wetlands project	Project	South Fork of Rio Grande	Filled gravel ponds in floodplain creating ground level wetlands.	Completed	17908185	RG-ZS-21	39
Rio Grande	Alamosa River Instream Flow	Flow Protection	Alamosa River (from Terrace Reservoir to County Rd 10)	Alamosa River Instream Flow	On-going	17897883	RG-ZS-23	102
Rio Grande	Hot Springs Creek restoration project	Project	Hot Springs Creek	"easement on land, restoration of Rio Grande Chub in Creek"	Completed	17887862	RG-ZS-25	151
Rio Grande	San Luis Conservation Initiative	Project	San Luis Creek	working with land management agencies and private landowners to protect the river corridor	Planned	17887464	RG-ZS-24	152
Rio Grande	Saguache Reservoir acquisition	Flow Protection	Saguache Reservoir	acquisition of reservoir for community recreation	Planned	0	RG-ZS-26	211
Rio Grande	Rio Grande Restoration Project	Project	Rio Grande upstream of Alamosa	"Justification of projects based on 2001 Study of reach between South Fork and Alamosa/Costilla County. Projects address habitat for SW Willow Flycatcher, stabilizing riparian zones and improvement of fisheries. Opportunities for flood plain management	Ongoing	17896367	RG-ZS-11	217
Rio Grande	Fully utilize transmountain return flows - Rio Grande	Information		CDOW has developed the accounting tool necessary for the determination of available transmountain return flows and is using the preliminary data	Planned	17906063	RG-ZS-1	342
Rio Grande	Continental Reservoir Storage Agreement	Flow Protection		CDOW is investigating ways to re-establish the pool that previously existed	Proposed	0	RG-ZS-27	343

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
Rio Grande	Platoro Reservoir minimum flow modification	Flow Protection		CDOW has transmountain water sources that may be suitable for exchange to cover evaporative losses. Potential exists for leasing Joint Use Pool Water sources.	Proposed	0	RG-ZS-28	344
Rio Grande	Dredging of conservation pools	Project		"CDOW has identified silt problems in Big Meadows, Beaver, Road Canyon, Upper and Lower Browns"	Proposed	17906063	RG-ZS-2	345
Rio Grande	Ongoing restoration and management efforts including the acquisition of water rights	Project	Blanca Wetlands		Ongoing	0	RG06	388
Rio Grande	USFWS/CDOW water diversion/water control structures to maintain water levels	Flow Protection	Lower Crestone Creek	large remnant population of Rio Grande Suckers	Ongoing	17889726	RG05	389
Rio Grande	fish studies by USFWS and CDOW	Information	Lower Crestone Creek		Planned	17889726	RG05-1	390
Rio Grande	Multiple conservation easements on ranches that tie water to the land.	Flow Protection	Saguache Creek		Completed	17880510	RG04	391
Rio Grande	Conservation easement with TNC including 2 miles of stream flow restoration on creek (unnamed)	Flow Protection	Valley View Hot Springs		Completed	17887232	RG01	392
Rio Grande	"Conservation easements and fee title covering about 3,000 acres"	Flow Protection	Mishak Lakes Wetland Complex		Completed	17883610	RG02	393
Rio Grande	Hydrologic assessment (Sanderson et al 2008) simulated natural hydrologic regime	Information	Mishak Lakes Wetland Complex		Completed	17883610	RG02-1	394
Rio Grande	Alamosa River ISF Restoration	Flow Protection	Alamosa River		Ongoing	17897883	RG03	395
Rio Grande	Alamosa River Upgrades	Flow Protection	Alamosa River	"Upgrades to Terrace River, water acquisitions and habitat restoration"	Planned	17897883	RG03-1	396
Rio Grande	Barrier installation and non-native removal habitat restoration project	Project	La Garita		Ongoing	17881812	RG-AB-1	674
Rio Grande	Culvert replacements	Project	Big Springs Creek	38 ^a 05 = 14÷N; 106 ^a 21 = 12÷W	Completed	17889888	RG-ZS-29	676
Rio Grande	Culvert replacements	Project	Big Springs Creek	38 ^a 05 = 05÷N; 106 ^a 21 = 10÷W	Completed	17889864	RG-ZS-30	677
Rio Grande	Culvert replacements	Project	Big Springs Creek	38 ^a 05 = 07÷N; 106 ^a 21 = 10÷W	Completed	17889888	RG-ZS-31	678
Rio Grande	Culvert replacements	Project	Prong Creek	37 ^a 57 = 25÷N; 106 ^a 30 = 04÷W	Completed	17882928	RG-ZS-32	679
Rio Grande	Culvert replacements	Project	Groundhog Creek	37 ^a 51 = 53÷N; 106 ^a 35 = 36÷W	Completed	17881774	RG-ZS-34	681
Rio Grande	Culvert replacements	Project	Benino Creek	37 ^a 53 = 00÷N; 106 ^a 36 = 05÷W	Completed	17881776	RG-ZS-35	682
Rio Grande	Culvert replacements	Project	Middle Fork Carnero Creek	37 ^a 57 = 29÷N; 106 ^a 25 = 55÷W	Completed	17881624	RG-ZS-36	683
Rio Grande	Culvert replacements	Project	North Fork Carnero Creek	37 ^a 55 = 26÷N; 106 ^a 23 = 25÷W	Completed	17881740	RG-ZS-37	684
Rio Grande	Culvert removal	Project	Cave Creek	37 ^a 54 = 08÷N; 106 ^a 30 = 42÷W	Completed	17882952	RG-ZS-38	685
Rio Grande	Stream restoration	Project	South Fork of Rio Grande	37 ^a 35 = 46÷N; 106 ^a 43 = 37÷W	Completed	17907023	RG-ZS-39	686
Rio Grande	Stream restoration	Project	Conejos Creek	37 ^a 20 = 24÷N; 106 ^a 29 = 27÷W	Completed	17875233	RG-ZS-40	687
Rio Grande	Stream restoration	Project	Conejos Creek	37 ^a 08 = 17÷N; 106 ^a 24 = 26÷W	Completed	17875453	RG-ZS-41	688
Rio Grande	Stream restoration	Project	Conejos Creek	37 ^a 10 = 23÷N; 106 ^a 24 = 40÷W	Completed	17875413	RG-ZS-42	689
Rio Grande	Stream restoration	Project	Alamosa River	37 ^a 22 = 45÷N; 106 ^a 20 = 44÷W	Completed	17898807	RG-ZS-43	690
Rio Grande	Road Relocation	Project	North Fork Carnero Creek	37 ^a 55 = 21÷N; 106 ^a 23 = 25÷W	Completed	17881740	RG-ZS-44	691
Rio Grande	Road obliteration-closure	Project	Park Creek	13 0349151; 4158262. 13 0350004; 4156819. 13 0349831; 4151822.	Completed	17907035	RG-ZS-45	692
Rio Grande	Migration Barriers	Project	Middle Fork Carnero Creek	37 ^a 56 = 01÷N; 106 ^a 25 = 27÷W	Completed	17881736	RG-ZS-46	693
Rio Grande	Migration Barriers	Project	North Fork Carnero Creek	37 ^a 54 = 42÷N; 106 ^a 23 = 26÷W	Completed	17881740	RG-ZS-47	694
Rio Grande	Migration Barriers	Project	Big Springs Creek	38 ^a 06 = 05÷N; 106 ^a 21 = 31÷W	Completed	17889888	RG-ZS-48	695
Rio Grande	Migration Barriers	Project	Lake Fork Conejos	37 ^a 19 = 05÷N; 106 ^a 30 = 06÷W	Completed	17876165	RG-ZS-49	696
Rio Grande	Million Reservoir Diversion Improvements	Project	Mill Creek	13 0352960; 4165715	Completed	17894995	RG-ZS-50	697
Rio Grande	Stream crossing restoration work	Project	La Garita	37 ^a 50 = 18÷N; 106 ^a 22 = 35÷W	Planned	17881824	RG-ZS-51	698
Rio Grande	Stream crossing restoration work	Project	La Garita	37 ^a 50 = 14÷N; 106 ^a 21 = 34÷W	Planned	17881870	RG-ZS-52	699
Rio Grande	Fish habitat improvement	Project	Conejos Creek	37 ^a 09 = 48÷N; 106 ^a 26 = 16÷W	Planned	17875429	RG-ZS-53	700
Rio Grande	Culvert replacement	Project	Beaver Creek	37 ^a 29 = 35÷N; 106 ^a 36 = 39÷W	Planned	17908451	RG-ZS-54	701
Rio Grande	Culvert replacement	Project	Beaver Creek	"37 ^a 29' 56"" N; 106 ^a 37' 08""W"	Planned	17908451	RG-ZS-55	702

South Platte	Bennis Ranch Channel Reconstruction	Project	Lower Tarryall Creek	"Channel Reconstruction and Stabilization, and some riparian protection"	Completed	5239618	SP-ZS-39	16
South Platte	Tarryall State Wildlife Area Channel Reconstruction	Project	Lower Tarryall Creek	"Channel Reconstruction and Stabilization, and some riparian protection"	Completed	5239568	SP-ZS-38	17
South Platte	Tarryall Reservoir Outlet Channel Reconstruction	Project	Lower Tarryall Creek	"Channel Reconstruction and Stabilization, and some riparian protection"	Completed	5239602	SP-ZS-37	18
South Platte	Cline Ranch Riparian Restoration	Project	Upper Tarryall Creek	Riparian Restoration of Ranching and Placer mining impacts	Completed	5240414	SP-ZS-41	19
South Platte	McDaniel Ranch Riparian Restoration	Project	Michigan Creek	Riparian Restoration of Ranching impacts	Completed	5239388	SP-ZS-42	20
South Platte	Fairplay Beach Stream Restoration	Project	Middle Fork of South Platte in Fairplay	Riparian Restoration of Placer mining impacts	Completed	5238938	SP-ZS-43	21
South Platte	Buffalo Peaks Ranch Fish Habitat	Project	Middle Fork of South Platte	"Fish Habitat in channel work, bank stabilization, public access"	Completed	5239786	SP-ZS-44	22
South Platte	Santa Maria Ranch Riparian Restoration	Project	Middle Fork of South Platte	Riparian restoration and Channel reconstruction	Completed	5239918	SP-ZS-45	23
South Platte	Pettee Ranch Riparian Restoration	Project	Four-Mile Creek	Riparian restoration of grazing impacts	Completed	5238950	SP-ZS-46	24
South Platte	Four-Mile Creek / Denver Water Channel Reconstruction	Project	Four-Mile Creek	Reconstruction of 3 mile channelized creek to 5 mile meandering stream. Part of larger wetlands restoration project.	Completed	5238946	SP-ZS-47	25
South Platte	South Platte Protection Plan #3 - Eleven Mile Reservoir	Flow Protection	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Release of minimum instream flows necessary for fishery habitat	Completed	5241210	SP-ZS-53	26
South Platte	South Platte Protection Plan #4 - Cheeseman Reservoir	Flow Protection	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Release of minimum instream flows necessary for fishery habitat	Completed	190407	SP-ZS-53b	27
South Platte	South Platte Protection Plan #5 - Outflow Ramping from Eleven Mile / Cheeseman Reservoir / Roberts Tunnel	Flow Protection	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Outflow Ramping Agreement (ie reservoir outflow fluctuation agreements by percent of change)	Completed	5241210	SP-ZS-53a	28
South Platte	South Platte Protection Plan #6 - Channel work on North Fork	Information	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Commitment to consult Colorado Division of Wildlife in any channel work and to maintain or enhance structural habitat for trout.	Completed	5241210	SP-ZS-53	29

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
South Platte	South Platte Protection Plan #7 - Planning meetings b/t Operators and fisheries and whitewater interests	Information	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Commitment to consult fisheries and recreation interests regarding upcoming operations.	Completed	190331	SP-ZS-53-1	30
South Platte	South Platte Protection Plan #8 - New operating and monitoring equipment	Information	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	"Install low flow valve at Eleven Mile Reservoir, install stream temp. monitors at Eleven Mile and Cheeseman Reservoirs, and SNOTEL gages in the basin"	Completed	190345	SP-ZS-53-1	31
South Platte	South Platte Protection Plan #2 - Spinney Mountain Reservoir	Flow Protection	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	Release of minimum instream flows necessary for fishery habitat	Completed	190331	SP-ZS-53-2	32
South Platte	South Platte Protection Plan #9 - Stream Channel Maintenance	Water Quality Protection	South Platte (from Eleven-mile reservoir outlet to confluence with the North Platte) and North Platte (from Insmont to confluence with South Platte)	"Monitor Sediment levels, and where necessary develop in-channel projects to stabilize banks and erosion resulting from the 2002 Hayman fire."	Planned	190345	SP-ZS-53-3	33
South Platte	North Fork Fish Channel	Project	North Fork of South Platte (just below Antero)	Created alternate channel for fish movement	Completed	5241068	SP-ZS-52	34
South Platte	Four-Mile Creek / Denver Water Channel Reconstruction #2	Project	Four-Mile Creek	90 acre Wetlands restoration. Part of a larger restoration project	Completed	2889346	SP-ZS-43-1	35
South Platte	Five-Mile Creek Channel Reconstruction	Project	Five-Mile Creek	Stream Restoration	Completed	5239786	SP-ZS-44	36
South Platte	Cache la Poudre bank stabilization	Water Quality Protection	Cache la Poudre (near I-25)	Created wetlands and excavated sediment	Completed	2900053	SP-ZS-51	45
South Platte	Saint Vrain stream realignment and wetland enhancement	Project	Saint Vrain (near Longmont)	"Realigned stream channel, wetland mitigation and enhancement"	Completed	2890338	SP-ZS-50	46
South Platte	"East Plum Creek wetlands restoration, channel restoration work."	Project	East Plum Creek	"Created wetlands, and installed in-stream structure to re-channel stream for Prebles Jumping Mouse"	Completed	191801	SP-ZS-49	47
South Platte	Mayer Ranch Park mitigation project	Project	South Turkey Creek	channel reconstruction to mitigate incised stream.	Completed	188673	SP-ZS-48	48
South Platte	Hayman Fire Restoration	Information	South Platte River upstream of Michigan Creek	Doing Hydro assessment in regards to sediment impacts from the Hayman Fire. Also removal of low-head dam.	Planned	5239930	SP-ZS-30	103
South Platte	Trumbull Trout Habitat Enhancement	Project	South Platte below Horse Creek	Improve trout habitat in river and provide better public access	Completed	190661	SP-ZS-31	131
South Platte	River North Greenway Master Plan	Information	Metro Denver Greenways	master plan for recreation use on the Metro North South Platte	Completed	229683	SP-ZS-55	142
South Platte	Westerly Creek Greenway Master Plan	Information	Metro Denver Greenways	master plan for recreation use on Westerly Creek	Planned	188709	SP-ZS-55-1	143
South Platte	Recreational and Riparian Improvements along the South Platte	Project	Metro Denver Greenways	habitat enhancements and recreation enhancements along the Metro South Platte	Completed	229683	SP-ZS-55	144
South Platte	Expansion / Enhancement to Confluence Park	Project	Metro Denver Greenways	habitat enhancements and recreation enhancements to Confluence Park	Completed	229683	SP-ZS-55	145
South Platte	Chatfield Reallocation Program	Flow Protection	Metro Denver Greenways	storage water in chatfield for releases into South Platte for recreation use	Planned	229683	SP-ZS-55	146
South Platte	River South Greenway Master Plan	Information	Metro Denver Greenways	master plan for recreation use on the Metro South Platte	Completed	188709	SP-ZS-55	147
South Platte	Gross Reservoir Minimum Release	Flow Protection	Gross Reservoir	Denver Water Minimum Instream Flows	Completed	0	SP-ZS-56	148
South Platte	Strontia Springs Reservoir to L.C. Pump Station instream flows	Flow Protection	Strontia Springs Reservoir to L.C. Pump Station	Denver Water Minimum Instream Flows	Completed	191237	SP-ZS-57	149
South Platte	L.C. Pump Station to Chatfield Reservoir instream flows	Flow Protection	L.C. Pump Station to Chatfield Reservoir	Denver Water Minimum Instream Flows	Completed	188457	SP-ZS-58	150

South Platte	Little 6 #2	Project	Virginia Canyon upstream from confluence with Clear Creek	"Mine waste remediation, controlling run-off"	Completed	2885550	CC-ZS-3	220
South Platte	General Herkimer Mill Site	Project	Confluence of Clear Creek and Spring Gulch	"Mine waste remediation, controlling run-off"	Completed	2885192	CC-ZS-4	221
South Platte	Dibbins Mill and Sydney Tunnels Remediation	Project	Leavenworth Creek	"Mine waste remediation, controlling run-off"	Completed	2885578	CC-ZS-5	222
South Platte	Lombard Mine Cleanup and Mill Site Removal	Project	"Cumberland Gulch, upstream of confluence with Fall River"	Reshaping two mine dumps and burying wood waste from mill building	Completed	2885032	CC-ZS-6	223

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
South Platte	Silver Age/Ship Ahoy	Project	Gilson Gulch	"Clean water diversion project to prevent contamination of the headwaters from 40,000 cubic yard Silver Age mine waste pile"	Ongoing	0	CC-ZS-7	224
South Platte	Gilson Gulch	Project	Gilson Gulch	An erosion and sediment control project designed to protect Clear Creek from metals and acidity associated with mine waste in the upper portions of the watershed	Ongoing	0	CC-ZS-8	225
South Platte	Silver Cycle	Project	Gilson Gulch	A mine waste consolidation and reclamation project designed to remove mine waste and stabilize the channel of Gilson Gulch	Ongoing	0	CC-ZS-9	226
South Platte	Mine Drainage Treatment Demonstration Project	Project	Gilson Gulch	A planned project to treat the base flow of Gilson Gulch using state-of-the-art passive mine drainage treatment techniques	Planned	0	CC-ZS-10	227
South Platte	Lower Trail Creek Remediation	Project	Lower Trail Creek near confluence with Clear Creek	Abandoned mine remediation to project watershed	Ongoing	2885546	CC-ZS-11	228
South Platte	Upper Trail Creek Remediation	Project	Upper Trail Creek	Mine remediation to prevent acid mine drainage	Completed	2885546	CC-ZS-12	229
South Platte	Doctor Mine Remediation	Project	West Fork Clear Creek	"Habitat improvement for greenback, mine remediation, maintenance of chemical barrier protecting greenbacks from Brook Trout"	Completed	2885524	CC-ZS-13	230
South Platte	West Gold Remediation	Project	"Chicago Creek, upstream of confluence with Clear Creek"	Built water diversion to separate drainage from mine tailings to protect water quality in Chicago Creek	Completed	2885208	CC-ZS-14	231
South Platte	Minnesota Mine Remediation	Project	"Lion Creek, above confluence with West Fork Clear Creek"	"Spring seeping contaminated water from underground collapsed mine, plan to use passive remediation using an alkaline barrier to neutralize iron, zinc, and aluminum flowing out of spring"	Planned	2885134	CC-ZS-15	232
South Platte	Aorta Mine Remediation	Project	North Empire Creek	"Seeping mine was draining into North Empire Creek, now goes into pipe under a landfill. Project will make improvements to inlet of that pipe"	Planned	2885130	CC-ZS-16	233
South Platte	Courtney-Ryley-Cooper	Project	Clear Creek	"Rafting and fishing spot, habitat improvement and disabled access"	Completed	2885568	CC-ZS-17	234
South Platte	Grizzly Gulch Habitat Improvement	Project	Grizzly Gulch	"Habitat improvement for greenback, mine remediation, maintenance of chemical barrier protecting greenbacks from Brook Trout"	Completed	2885318	CC-ZS-18	235
South Platte	Barrier Construction	Project	Black Hollow Creek	Barrier construction for Greenbacks	Completed	2899499	USFS-CL-1	263
South Platte	Investigating operations change	Flow Protection	Cache La Poudre	"Planning effort, looking at different operation efforts to leave more water in the river; next to new GOCO-funded path"	Planned	2901985	SP-ZS-32	268
South Platte	Minimum flow releases from Olympus Dam - BOR and NCWCD	Flow Protection	Big Thompson River from Estes Park to Dillon Tunnel	Flows are specified by season and are defined as the lesser of the specified flow or the inflow into Lake Estes	Ongoing	12790	SP 15	282
South Platte	Minimum release from Idylwyde Dam of 7.0 cfs	Flow Protection	Idylwyde Dam - City of Loveland USFS easement		Ongoing	13026	SP 15-1	283
South Platte	Fish passage on diversion structures	Project	South Boulder Creek from Gross Reservoir to Mouth		Completed	0	SP 11	284
South Platte	Potential Environmental Pool	Flow Protection	Gross Reservoir		Planned	0	SP 11	285
South Platte	Buffalo Peak Ranch fishery restoration - channel modification to provide better habitat restoration for brown trout	Project	Middle Fork at Buffalo Peaks SWA		Completed	5240142	SP 9	286
South Platte	Golden Mile habitat improvement for fisheries - focused on brown trout mainly	Project	Clear Creek - Golden - just above RICD		Completed	2885196	SP 6	287
South Platte	Improve fish habitat and recreational opportunities	Project	Jefferson County - one mile of stream along Hghwy 6		Planned	2885196	SP 6	288

Basin	Name	Type	Location	Comments	Status	COMID	Segment ID	Project ID
South Platte	Halligan-Seaman Shared Vision Planning	Project / flow Protection	North Fork of the Poudre		Ongoing	2900669	SP 13 21	289
South Platte	Chatfield Reallocation	Project / flow Protection	South Platte through Metro Area		Ongoing	188619	SP 4	290
South Platte	Metro Area River Restoration Proposals	Project	South Platte through Metro Area		Planned?	188619	SP 4	291
South Platte	Land conservation	Project		DU holds many easements on the river	Ongoing	227923	SP01	309
South Platte	Land conservation	Project		"Plan to protect additional 27,000 acres, which would include the water rights"	Planned	227923	SP01	310
South Platte	Seasonal wetland habitat restoration	Project		"Needs programs to control noxious weeds, lower priority than main stem."	Ongoing	227923	SP01	311
South Platte	Riparian habitat improvement education and outreach	Project		0	Ongoing	188801	SP04 SP05	312
South Platte	South Platte Protection Plan	Information		Implemented in 1997 to protect values in lieu of USFS making a W&S determination.	Completed	5239040	SP15	313
South Platte	Tarryall Reservoir Enlargement	Project		Presented in concept	Proposed	0	SP-ZS-61	335
