

Water Supply Goals

Following are the draft vision goals:

- Meet municipal and industrial (M&I) demands
- Meet agricultural demands
- Meet Colorado's environment and recreation demands
- Promote cooperation between water supply planners and land use planners
- Promote more cooperation among all Colorado water users
- Optimize existing and future water supplies
- Promote cost-effectiveness
- Minimize the net energy used to supply water
- Protect cultural values linked to water resources
- Provide operational flexibility and coordinated infrastructure
- Promote increased fairness in relation to water transfers
- Comply with all applicable laws and regulations
- Educate all Coloradoans on the importance of water
